"The Green Bean Cafe has partnered with CJAM for years as our only source of advertising. We couldn't be happier with the product and service CJAM offers."

Kyle Lefaive  
Co-owner, GBCB - Green Bean Cafe

"The Arab American National Museum in Dearborn MI has been collaborating with CJAM as a media partner on concert promotions for several years. CJAM is the only radio station in Metro Detroit that plays the artists we present, and their willingness to not only promote these concerts but also produce long-form interviews with the artists has been an invaluable element in the success of our programs. The station's leadership and program hosts are invariably professional, enthusiastic and a pleasure to work with. With its significant audience reach, we feel it has been a great promotional investment and look forward to continuing this creative collaboration.

# Our Audience

You're not buying a radio commercial, you're buying an audience. The CJAM community and volunteers represent a diverse range of cultural, ethnic, and linguistic backgrounds. Our programming caters to a variety of ethnic and cultural communities locally. As a campus radio station CJAM appeals broadly to the youth market and the student population. Much of our programming is created by students at the University of Windsor and reflects the views and interests of the campus community. CJAM promotes more local artists than any other radio station in Windsor/Detroit area. Our long history of supporting and sponsoring local musicians and venues makes CJAM a well known source for information on upcoming shows and local musical releases. CJAM 99.1 FM broadcasts at 2,084 watts locally to Windsor and Detroit.

**Our broadcast range reaches an area populated by an estimated 1.5 million people.** We stream online and via the iHeartRadio app and Uwindsor app. You can hear us on Cogeco cable channel 285.
